Currency	EUR
Status	OECD approved

Description

The aim of the project is to introduce a digital Solved platform for the management of the local business ecosystem with a focus on sustainability. Key features of Solved include:

- Easy and transparent search for experts, companies, organizations and institutions
- Flexible structuring and adaptation of platform interface to ecosystem needs, eg for business purposes (project opportunities, business plans, investment opportunities), information purposes (events, job opportunities), educational purposes (webinars, sharing solutions and good practices, online forum), a.i.
- Creating virtual workspaces for building multidisciplinary teams, virtual collaboration and co-creating solutions
- Supporting the building of an online marketplace for consulting services through digital transactions

Connecting to a global network of independent experts and other business and non-business networks and ecosystems with a sustainability focus as part of the Solved platform.
