Description

Project National Convention on the EU in Ukraine is primarily aimed at institutionalizing public debate on the EU integration, creating a partnership of government, NGO, business and interests institutions to strengthen the capacity of Ukraine to the future implementation of the Association Agreement and the instruments of the Eastern Partnership. The aim is to strengthen the ongoing, open and wide platform for public debate on issues related to Ukraine-EU relations, the necessary reforms and other key issues for the Ukrainian society. The goal is also to involve the wider professional/expert community in the formulation of national policies and positions of Ukraine's EU integration agenda and the creation of long-term reliable, interactive and continuous source of information about the EU for all segments of Ukrainian society. The project aims to eliminate the democratic deficit and information on the EU to Ukraine.
