Description

Overall project objective is to provide marginalized group of young people with quality vocational training and practical skills, which will lead to better employment, career growth, and building their independent financial existence. The overall objective will be reached by fulfilling three following specific objectives: (1) quality improvements in education and increasing the number of qualified teachers who use innovative teaching methods; (2) improvements in employing the marginalized group of young people by employee contracts or entrepreneurship license; (3) increasing incomes of local partner to reach its financial sustainability. Project activities will aim at achieving following results: (1a) at least 240 of students have graduated and have been awarded by certification or diploma; (1b) 144 of students have achieved 80% percentage rate of success; (1c) 17 teachers of primary school and 8 experts of vocational training have been trained in innovative teaching methods; (2a) 168 students have achieved better position at job market; (2b) 144 students have been employed; (2c) 48 students have started their own business as entrepreneurs; (3a) project partner has gained 520 – 780 eur per month to cover school fees for 10- 15 marginalized students; (3b) 10% = 6000 eur income growth from selling handmade products; (3c) 5000 eur/ 2 years of project duration as income generated by provision of public services.
