## BILATERAL AID

### Feasibility study - Building of charging station network for electric vehicles

#### General Information

<b>Funding entity</b>	<b>Slovak Aid</b>
Recipient Country	Ukraine
Implementing Organization	ELECTRIK, s.r.o.
Implementing Organization Code	Private sector in provider country
Geo Location	Kyiv Oblast, UA
Longitude	30.5
Latitude	50.25
Start of Commitment	2020-07-17
End of Commitment	2021-02-28
Currency	EUR
Status	OECD approved

#### Description

The aim of the project is to carry out a feasibility study describing the ways of realizing the network of charging stations for electric vehicles. The study will include the know-how of the company gained from the experience of a number of successfully implemented projects in Slovakia. It will provide the user with a complete overview of technical procedures, project solutions and implementation cases according to national standards and internationally recognized standard ZE Ready, which the company was the first and so far the only one in Slovakia.

## Commitments and Amount Extended (EUR)
