| Currency | EUR |
| Status | OECD approved |

Description

People in Need BiH supports social inclusion and deinstitutionalisation of people with intellectual disabilities (PwID) in Bosnia and Herzegovina since 2015. Currently, PIN BiH implements a 2,5 years-long project on economic inclusion and empowerment of PwID in the country. The project aims at enhancing the status of PwID to exercise their rights in Bosnian and Herzegovinian society and improving their economic opportunities in 8 municipalities, involving both entities and Brčko District. This is achieved by 1) establishing the supported employment service in BaH, 2) enhancing the entrepreneurship and income generation schemes and 3) strengthening the advocacy efforts on inclusion and employment of PwID. Since 10/2020, the SlovakAid volunteer has supported the project team in the project implementation, which proved beneficial for the involved parties. Therefore, the PIN would like to continue cooperating and engage another SlovakAid volunteer during the second half of the project duration. The volunteer will work under the project manager's general supervision and in the team with the project manager, project assistant, financial assistant, and communication officer. His/her main duties and responsibilities will be: Supporting the project manager in the planning and execution of project activities, establishing and monitoring of the project timeframe and calendar, supporting the coordination of action, maintaining contacts and cooperation with partner NGOs, governmental institutions and bodies, and other stakeholders Organising visits, meetings, and project activities Collecting information for reports and assisting in the compilation of the narrative and financial report Drafting agenda and various supporting documents for meetings, workshops and other events Ensuring proper management of data and project documentation according to the internal rules and systems Other tasks: Maintaining Facebook page Networking, bringing people together Preparing logistics plans and carrying out the administrative tasks Collecting relevant information upon request - from websites, partner organisations or reports Conducting field assessment or accompanying or monitoring field assessments
