Description

"Digi Talents" is Slovak-Moldovan job mobility and career development programme designed for young Moldovan professionals working in the ICT sector. Its main goal is to help Moldovan talents strengthen their professional skills and gain new knowledge in a stimulating environment of ICT companies in Slovakia, thus improving their career prospects in employment or business. The programme will also help fill labour shortages in the ICT sector in Slovakia, support the exchange of expertise between the Slovak and Moldovan ICT sectors and allow ICT companies to explore opportunities for the development of trade relations between the two participating countries.
